## Examiner's Comment

Drawings dated 05/13/2004 are accepted by the Examiner.

## Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not, alone or in combination, disclose measuring the material state sensor, the material state being temperature, at two or more different states to calibrate the electromagnetic field sensor response based on a relationship between the electrical property and the material state, using the calibrated electromagnetic sensor response as an input to a process controller.
